MANUFACTURING PROCESS INTEGRATION

MANUFACTURING PROCESS INTEGRATION

Connect Mexico is a premier company offering manufacturing processes integration services.

Our strategic geographical location, places us in a prime position for nearshoring activities and emerging projects related to manufacturing and product exports to the United States

LOCATIONS

Our business model has been designed to add value to our customers with our competitive labor, supply chain sourcing and engineering capabilities.

With corporate offices located in Orange, California and with manufacturing locations in Mexicali, and Logistics Locations in Monterrey, Nuevo Leon.

- Orange, California
- Calexico, California
- Mexicali, Baja California
- Monterrey, Nuevo Leon

WHERE WE PARTICIPATE AND ADD VALUE

MANUFACTURING PROCESS INTEGRATION

Evaluate and determine
Manufacturing Process
initial requirements.

Determine supply
chain needs.

Research supply base
and determine best
manufacturing model
for customer.

Review initial
production flow
process design.

Production and
assembly line design.

Consulting services
for standalone
operations in Mexico.

CONNECT MEXICO'S INTEGRATION PROGRAM

PROFESSIONAL SERVICES AND FABRICATION CAPABILITIES

CONNECT MEXICO'S INTEGRATION PROGRAM

PROFESSIONAL SERVICES AND FABRICATION CAPABILITIES

BODEGA 108

Maquiladora program
Import and export services (Tax exemptions)
Assembly services
Logistics and warehousing
100,000 square feet in warehouse services

LT FABRICATIONS

Seat manufacturing
Assembly of goods
Packaging of goods
Industrial upholstery services
Refurbishment services
Production line design

CONNECT MEXICO'S INTEGRATION PROGRAM

PROFESSIONAL SERVICES AND FABRICATION CAPABILITIES

PLING

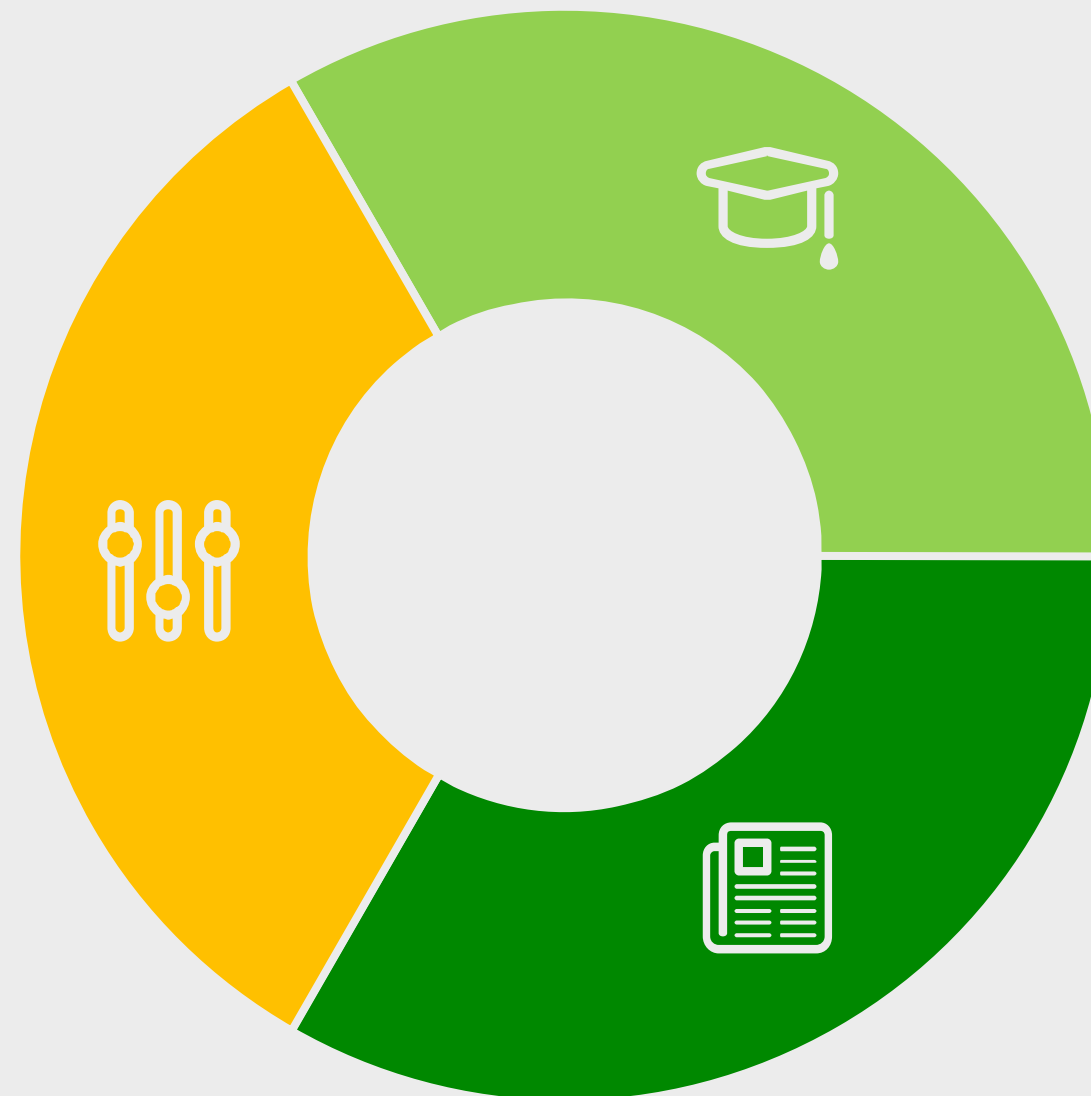

Plastic Product Design

Mold design

Injection Molding: From 50 to 390 Tons

Overmolding & Insert Molding

Custom automation projects for light assembly

AMT MACHINING

Sheet metal fabrication

CNC Machining

Rapid prototype

Die cutting, punch press

Assembly lines

Metal Fabrication: Turret

Laser machine

Press Brake equipment.

PLING

EQUIPMENT / CAPACITY

PLING

SERVICES / CAPACITY

- Staff with 20 years of experience in high precision injection molding
- Experience with commodity resins as well as engineering resins
- Experience in tonnage from 7 to 450 Tons
- Experience sourcing injection molds in Mexico, USA and China
- Plastic part design consulting
- Total facilities area: 11,500 Ft²

PLASTIC INJECTION MOLDING

EQUIPMENT / CAPACITY

- 2 Multitech Horizontal Molding Machines 50 Tons.
- 1 Arburg Horizontal Molding Machine 77 Tons.
- 1 Toyo Horizontal Molding Machine 90 Tons.
- 1 Multitech Horizontal Molding Machine 90 Tons.
- 2 Haitian Horizontal Molding Machine 200 Tons.
- 2 Haitian Horizontal Molding Machine 250 Tons.
- 2 Multitech Vertical Molding Machines 100 Tons.
- 2 Single Screw Extrusion Machines with pelletizing capabilities.
- 2 Laser engraving machines with capacity of 726 x 432 mm
- Pad Printing equipment with drying oven and plaque burner.
- High Speed Maguire Low Pressure Dryers.
- General Molding Ancillary equipment as required (Dryers, Chillers, Temp Controllers).
- Resin Mixing and Grinding equipment.

LT FABRICATIONS

EQUIPMENT / CAPACITY

LT FABRICATIONS

SERVICES / CAPACITY

- Designing and fabrications of seats and backrests for utility carts
- Engineering Services
- Vinyl design and fabrication
- Consultation services for upholstery solutions
- Expertise in upholstery techniques
- Skillful refurbishment capabilities

- Packaging solutions
- Comprehensive fulfillment services
- Expert assembly services

Total facilities area: 6,500 Ft2

LT FABRICATION

EQUIPMENT / CAPACITY

- 2 Sewing machine.
- 2 Cutting table.
- 10 Assembly and inspection stations.
- Wood cutting equipment.
- 1 Die-cutting machine
- 1 Welding machine
- 2 Laser engraving machines
- 15 operators
- Work tools sets
